

Craig & Ryan

Craig has been our in house interviewer on many occasions at numerous Film Premiere Evenings with our teenage group audiences and was a guest interviewer attending the Children`s Fashion Show where he grilled the participant models and audiences alike.

Adorned with press attire he did sterling job on all occasions. Many audience members were put at ease with his laid back approach and natural charm. Great feedback was gained with Craig`s unique interview style, as he cagoules and gently teases answers out of audience members.

Ryan is a wizard when it comes to video presentations and social media and he & Craig have loved working with Tom from Alchemy and learning about cameras, and sound technology and pulling subjects out of the real world and placing them into a digital domain..

It was only right and proper that these two characters got together to present our own virtual Digital Memory Box. They both take us all a trip down memory lane, remembering with fondness the many diverse, exciting, challenging and fun filled activities and projects that all the Roxburgh groups got up too over the last two years.

Craig says “ I enjoyed working on the virtual room it gave me confidence and allowed me to say things in my own words. I enjoyed working with Ryan too it was great fun to go back and see the projects we have been involved in”

Ryan says “Being a part of the virtual room was an interesting experience. I loved showing everyone the amazing projects we have worked on in the YPS and Children`s Group and learning about what goes on in the other groups. Craig was fantastic to work alongside, I loved coming up with jokes and bringing them to life”
