Derek said "Belfast for me was a fantastic trip – the group as a whole worked well together, which allowed everyone to enjoy the entire experience. This was finished off in style at the brilliant Titanic Museum. It was certainly one of the best short breaks I've been involved in. Bring on the next..."

## Our time in Belfast

Interest Link are off again,  
Off where, what destination and when?  
To Belfast City on an overnight trip  
See you later - Toodle Pip

Friday the 11th from Gala town  
Luggage ready and hatches down  
All seated, belts on tight  
Off to the city to catch our flight  
Neil our driver is the man we trust  
Teviot Wheels, we have it sussed

Off to the airport to board Flybe  
Off to Ireland and over the sea  
Wobbly wings swing to and fro  
Swooping down really low  
A steady landing, we are here  
Safe and well - have no fear

Black taxis ready, take our seats  
Whizzing around the Belfast streets  
Here we are, at the purple hotel  
Excited and tired, hungry as well  
A quick rest, and we're off again  
Cinema, a meal and bed at ten

An early wake, a tasty breakfast  
The best of all left till last  
The Titanic museum - what a fantastic place  
Large, gigantic, spectacular space  
The group were amazed at how big the ship was  
How it was built, sinking and cause  
A whistle stop tour was our aim  
Time up in Belfast, what a shame!

Off in our taxi, homeward bound  
Back home by plane, safe and sound  
Over the sea and up in the sky  
What a view! From way up high  
Landed safely, all friends from bus alight  
Agreeing with each other, what a wonderful flight

In fact what a fabulous time the group had  
Back home safe but really quite sad  
Memories have been made with special friends that will last

**Belfast City - what a blast!!!**
