

**YPS Roxburgh  
Brings you  
“Still Game”  
Tuesday 17th April 2018**

YPS Roxburgh group members have enjoyed a 7 month combined project with the support of Project Leaders James Lubbock and Graham Ford.

In September 2017 the group met at Wild Woods Outdoor Facility, to design and build Go-kart Bogies which were to appear in the film.

Filming commenced in October 2017, and drama sessions took place in a local pub where everyone came together to learn their lines. The pub (with an indulgent landlord) created an authentic and fun was had by all. Filming was completed over several months the finished article pieced together in March 2018.

A Film Premiere Evening was organised on April 17th, in a local community hub bulged at the seams with 40 guests. The film (and filmed interviews with cast members) was enjoyed by all and led into the presentation of certificates and framed photographs by Branch Convenor Craig Douglas.

In-house reporter Craig was present in the building and he mingled with the stars and audience gathering quotes:
